of this event under American Kennel Club rules and regulations.  
James P. Crowley, Secretary

***This specialty show weekend is dedicated to Helen Miller Fisher,*** our last founding member of the German Shepherd Dog Club of Minneapolis & St. Paul, established in 1950. Helen passed away at the age of 88 on January 21st, 2015, with her son David and niece Lynn by her side.

There will be a memory table under a tent where you would most likely find Helen during the show, by the conformation ring. The memory tent will be there all weekend with photos, articles and memorabilia of Helen's life. Please visit the tent, sign the memory book and share a story of Helen if you can!

Helen was a driving force in the history of the GSDCMSP as well as the GSDCA, having served in so many vital roles during her longstanding career as a competitor, breeder, owner-handler, GSD judge, and All-Breed Judge. She held many offices in her time with us, including President of the GSDCMSP and the first Madam President of the GSDCA. She passionately gave her time to the GSDCA and GSDCMSP in many roles, including trainer, mentor, and a Director Emeritus for providing longstanding service with the American German Shepherd Dog Charitable Foundation Inc. Helen's mentorship reached not only into the GSD Community, but also into the All-Breed Show Community, with affiliations with many All-Breed Clubs and her work with the Minnesota Purebred Dog Breeders' Association. She touched the lives of members, breeders, officers, handlers, judges, and club presidents. There are many of us in this unique community that can say that Helen influenced us and our decisions in some way and all for the better!

*Take a moment to stop by Helen's memory tent. Share a story about Helen and her passionate views about life in the dog show community!*

For complete Conformation Championship requirements see Chapter 16 of the *Rules Applying to Dog Shows*.

The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that completed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that completed in the regular classes for its sex in calculating championship points.

Animals have spinal columns similar to humans, and they can develop misalignments just like us. Called subluxations, these misalignments can cause a variety of symptoms, just as they do in people.

Chiropractic adjustments are very gentle and painless. They simply relieve pressure and interference from the brainstem, spinal cord, and nerves. In turn, this allows the body to heal itself and experience optimum health.

**Chiropractic care may be an appropriate treatment for:**

- Neck, back, leg, and tail pain
  - Muscle spasms, nerve problems
  - Disc problems, joint problems, limping
  - Injuries from slips, falls, and accidents
  - Jaw problems, difficulty chewing
  - Event or sport injuries
  - Post-surgical care
  - Bowel, bladder, and internal disorders
  - Maintenance of joint and spinal health
- and many other health issues*
